DETAILED ACTION

Applicant's amendment of 12-21-01 has been fully considered. The amended claims poses the following issues of indefiniteness.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 2, 5-9, 11, and 16-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The following reasons apply:

- a. The term "comprising" in the definition of 'heteroaryl' is open-ended and include limitations that are not recited in the claims.
- b. The definition of "cyclic amino group" appears to include groups such as: a lower alkanoylamino group, a phenyl group, a phenoxy group, etc., which do not seem to be a 'cyclic amino group'.

The reference of WO 99/40075 has two corresponding U.S. applications, which have been allowed recently, and can be relevant to the examination of this application.
